

BELLPORT GOLF CLUB

COVID-19 Update

Ladies and Gentlemen,

As we enter June, we wanted to touch base and give an update in regards to our COVID procedures. To ensure the safety of those playing and the staff at hand, we will continue to take extreme precautions during this time. ***Although carts are back (with restrictions), we still encourage everybody who can, to walk.*** Please continue to practice social distancing throughout the facility. In regards to golf carts, the following precautions will take place:

- Golf carts will be limited to ***one person per cart (except for those who live in the same household)***
- Due to disinfecting protocols, once a cart goes out, ***it must dry for a minimum of 12 hours***; this will eliminate any carts going back out on the course for a second time. ***Once all the carts have been out on the course, we will have no more carts for the day.***
- **We will not be reserving any carts**; they will be on a first come, first serve basis.
- All carts must be paid for via credit card. If you have not already done so, please make sure to call the Pro Shop and get a credit card on file.
- The last cart will go out at 2PM. After 2PM the course will be walking only.

In addition to these precautions, we will continue with the following:

- Guest play is only permitted on Mondays, and any guests must walk.
- All tee times will be made by calling the Starter's Booth (631-286-4139), no more than 1 day in advance. We will be going to a 15-minute tee sheet and limiting large groups to just one foursome. ***WE WILL NOT BE ACCEPTING WALK-UPS DURING THIS TIME.*** Tee times will be available from 8:30AM – 6:00PM during the week and 7:30AM – 6:00PM on the weekends.

BELLPORT GOLF CLUB

- We will be practicing a Golf & Go Initiative during this time. Arrive no earlier than 15 minutes prior to your tee time. We ask that you change your shoes at your car, carry your own bag and only check in at shop prior to playing your round.
- Practice areas will be open 15 minutes prior to your round. You will not be permitted to practice after your round. Please remember to socially distance yourself on the putting green and hitting nets.
- *Practice social distancing throughout the facility;* this includes on the golf course and in the parking lot. This is very, very important to ensure the safety of everyone. ***AT NO TIME SHOULD YOU BE CONGREGATING AROUND THE FACILITY.***
- As Governor Cuomo and New York State have stated, face masks should be worn in public when social distancing cannot be done.
- As of now, both Locker Rooms will be open and limited to 2 people at a time, like in early April. The on-course bathrooms will remain closed. Please plan accordingly.

As a reminder, on the golf course we will continue to take the following precautions:

- We ask that nobody touches the flagstick at any time. The cup will be flipped upside down to ensure the ball doesn't drop below hole level. Please be cautious taking the ball out.
- There will be no rakes in the bunkers, so if your ball does in fact land in one, simply smooth the area with your foot and place your ball. We are asking you to smooth the playing area as you exit the bunker as best as possible.
- The water and ice machine behind the 1st tee will be operational. Please plan accordingly.
- There will be no sand/seed on any golf carts, near the 1st tee or on the par 3s. Please replace your divots throughout the golf course. Additionally, all ball washers and tee markers will not be out for the foreseeable future.
- We encourage you to bring your own hand sanitizer and use as necessary.
